# THE MOBELLI PROMISE

When we started Mobelli, towards the middle of the last decade, we wanted to be different. We wanted to be fresh. We decided that the furniture we procure will be hassle free, easy to maintain, affordable and most importantly, enjoyable.

Over the past few years we realised that we do change people's perception about outdoor living. It simply is nicer to be outside, relaxing on Mobelli furniture. Our existing customers eat outside, entertain outside, read outside, tan outside, laugh outside and generally have more fun outside.

Our philosophy is simple – the first question we ask ourselves when we evaluate any potential product is – “Can it stand outside?” We then evaluate design, ergonomics, quality and price. If we get a positive response we bring it in and integrate it into the Mobelli family of outstanding products.

We have evolved in so many ways and are no longer simply a furniture company but a holistic, outdoor living company. This is where our passion lies – this is where we want to be.

We feel that we have achieved our goals in so many ways and we promise to go even further. In this catalogue you will find a variety of different products made from different materials all promising to be hassle free and bring you joy.

Happy lounging – you deserve it.

*Alon & Aviv Sachs*

“ Because the only work  
you should be doing,  
is working on your tan. ”
